

WHAT WE DO?

The purpose of the Montgomery County Soil & Water Conservation District (SWCD) is to be a resource for the citizens of Montgomery County seeking information or assistance regarding conservation issues. The SWCD works alongside a variety of conservation organizations and government entities to provide conservation solutions at a local level.

UPDATES FROM 2025

- CISMA
 - Our CISMA once again partnered with Wabash College to remove invasive plants from the Brickyard Nature Park. Over a two-day period, the classes cleared a large area of Asian Bush Honeysuckle.
- Brickyard Nature Park Prairie Project
 - The Montgomery County SWCD, Crawfordsville Parks and Recreation, and Crawfordsville Fire Department partnered to perform a prescribed burn on a 5-acre old farm field gone to fallow located within the Brickyard Nature Park. After the burn, the SWCD planted an extensive seed mix of native grasses and wildflowers. Check out the video on our website to learn more!
- 4th Grade Field Days
 - In 2025, we hosted our annual 4th Grade Field Days! Students from all over the county came and learned from professionals about conservation topics ranging from water quality to forestry and wildlife. The students participated in fun activities and learned firsthand about the natural cycles that drive the world around us.

THANK YOU TO OUR 2025 SPONSORS!

Sponsorship Program 2026

Supporters

Thank you to Darlington Fire Department, Rocky Ridge Golf Club, Ladoga Lion's Club, Cain's Farms Inc., and Cain's Homelike Farms, for your continued support!

HOW YOUR CONTRIBUTION HELPS

Montgomery County SWCD receives funding from the Montgomery County Council and state grants. These funds help with operating expenses, staffing, and conservation cost share. The SWCD Board wants to provide excellent programs for residents of Montgomery County.

However, your important sponsorship helps the SWCD provide additional services and education to help protect and enhance the natural resources in Montgomery County now and for future generations.

The funds we receive from your sponsorships will be used to host workshops, field days, programs for all age groups, and produce educational literature and publications. With your contributions we will be able to continue our current programs and hopefully add more, as our support grows, to benefit Montgomery County, its residents and its visitors.
